SUMMARY

Compassionate and thorough senior associate dentist with 15+ years of dental experience, with experience in general and cosmetic dentistry. Seeking a role as a senior associate dentist with Ranieu Family Dental to provide compassionate client care, perform a range of dental services, and expand prosthodontology skills.

WORK EXPERIENCE

Senior Associate Dentist

Bella Dental Care

📅 2012 - current 📍 Seattle, WA

- Treated 15-18 patients a day, with 56% of patients requiring advanced or complex restorative care
- Implemented new scanning technology to increase patient engagement, increasing patient retention by 30%
- Proactively asked patients about concerns and answered questions regarding future dental care and treatment
- Networked online with 60 local dentists to learn new technology, discuss techniques, and foster community

Associate Dentist

Seattle Cornerstone Dental

📅 2008 - 2012 📍 Seattle, WA

- Provided regular dental care and treatment plans for 2K+ youth in local correctional facilities
- Performed 3 extractions, 6 fillings, and 14 routine examinations each day with 4 root canals each week
- Collaborated with 3 associate dentists and 9 hygienists to offer quarterly oral care training to correctional facilities
- Communicated with patients to discuss oral hygiene, reducing the number of cavities and fillings by 67%

Associate Dentist

Rosenwald and Associates

📅 2005 - 2008 📍 Seattle, WA

- Collaborated with 2 dentists and 8 hygienists during morning meeting to discuss treatment of 16-20 patients
- Conducted minor oral surgeries, root canals, and filling restorations, administering anesthesia and numbing agents for appropriate procedures
- Examined cleanings by hygienists, assessed X-rays, and recommended further operations or procedures if needed
- Counseled patients regarding best oral care practices and pain management, increasing customer satisfaction by 28%
- Updated, organized, and reviewed 100% of patient files and charts before closing
